

ODS Global LLC Security Services are provided by highly trained and professional security officers for:

- **Special Events:** Special Events can range from sporting events to political events, award and entertainment events, Corporate sales and marketing events plus many others; ODS Global LLC provides unparalleled safety, security, and presence to any and all types of events.

ODS Global LLC will provide assistance to our clients on advance planning, threat assessment and issue prevention; event crowd control; and when necessary, crisis response. ODS Global's Management will work with each client in understanding and planning the event security process. Our security personnel are exceptionally trained to be polite and professional at all times, while assuring the safety and security of all event attendees.

- **Armed and Unarmed Security Services:** Our Uniformed Security Services were developed to address the specific security needs of our clients. These uniformed or

businesses attired armed or unarmed security officers are deployed to provide security guard services at a variety of locations and are available whenever needed whether it is 24 hours per day, 7 days per week, or 365 days per year.

- **Facilities Protection:** Physical protection of facilities and property are provided by patrol service to prevent thefts, damages, misuse or destruction of the client's property.

- **Personal Security:** Very Important Persons (VIPs), executives, celebrities, rappers, artists, politicians, bankers or anyone needing personal protection that desire to hire a bodyguard may contact us. ODS Global LLC Security Services offers the expertise you can trust. The most elite of the world call ODS Global for our bodyguards to keep them safe during their time of need.

- **Loss prevention:** When there is a need for retail loss prevention services and asset control as theft of property continues to grow, it is paramount that retail and brick & mortar property owners contract a loss prevention service provider with the necessary expertise to control theft and maintain positive asset control. ODS Global is here to help maintain assets and reduce the occurrences of theft.

- **Residential Security:** An important factor for home owners or renters is residential property security and safety. It is a major concern of home owners and residents in apartment complexes, gated communities, HOAs, and condominiums. Everyone wants to live safe and secure within their homes and we believe you shouldn't expect anything less. Let ODS Global LLC security Services give you the peace of mind with our security professionals. We invite you to schedule a consultation with us today!

- **Armored Vehicle Security:** ODS Global LLC Security Services armored vehicle services offer the latest in technology driven by our experienced vehicle operators. Our vehicle fleet includes DOS certified armored vehicles fully equipped with the latest security features, rapid deployment trucks used as multiple mission platforms, and even armored personnel carriers when the situation dictates maximum protection.

Our vehicles offer an extremely low profile and are often used for personal security details (PSDs). These vehicles are discreet enough to go unnoticed while driving through the city, yet they provide level B6 armor to protect our clients from just about any unforeseen attack. With full leather interior, front high-back bucket seats, 4wd, run-flat tires, rear seat audio control and Bose® premium speakers, this is truly where luxury meets security.

ODS Global LLC Security Services' fleet also includes many remote location vehicles. These vehicles assist security forces in patrolling remote sites (such as utility substations or fuel pipelines, etc.) and are very rugged and reliable. We also assist some of our clients and partners in law enforcement to procure their own armored vehicles. ODS Global LLC Security Services will work with any law enforcement agency that is looking into the purchase of an armored tactical vehicle to contact us and test one first-hand.

- **Personnel and Weapons Training (Lethal and Non-lethal):** A security guard may encounter a situation when self defense is required to remove a belligerent customer, detain a suspect, or prevent a theft or vandalism. ODS Global LLC Security Services employees will have the proper training to handle any situation that might occur with the highest degree of professionalism. In order to become an armed security guard and carry a firearm while on duty, our security officers will be required to complete additional hours of training that specializes in firearm handling and safety. When training is complete, our officers will be given a card that allows them to legally carry a firearm while on duty. The non-lethal weapons training include: tactical employment; escalation-of-force; counter-personnel and counter-materiel capabilities; fielded non-lethal weapons, munitions and devices; future non-lethal weapons; operational instruction: etc.
